Hi all,

Flagging the below fact check edits to tomorrow's NR FYI:

- In the first Quick Fact, MOF has asked that the net debt statement be removed. They can trace the $10.7B to the FES but couldn't find a reference to it in the 2015-16 Public Accounts documents. So, to be safe, they asked this be removed. MOF was meant to communicate this edit would be happening.
- In the fifth paragraph, TBS has changed the wording to: Until the 2015-16 Public Accounts, the government had recognized pension assets in its financial statements since 2001 and is accepting the panel's recommendations. Previous wording implied that we have recognized net pension assets since 2001, which isn't true since we used a time-limited regulation to adapt the AG's interpretation last year.

Please advise if there are any concerns with these changes.

Thank you,

Olivia
