Hi everyone – Attached are the most recent versions, incorporating today's feedback from Beckie and Issues. If you have any further changes please advise asap. FYI, we will continue to track tomorrow for bills passed/introduced. Beckie and Bryan will have the final sign-off and give the green light to post when the House rises.

Thanks
Sue

Hi Alexandra – Please see Beckie’s note below. The only other change is that we would like to group the bills under sub-headings for government bills and PMBs so it’s clear which is which....tx, sue

Only edit is that it should read 19 Bills passed and 8 others introduced (the correct bills are in the BG, just the number is off)

Attached are the most recent versions of Thursday’s NR and BG, both clean and changes tracked. Wondering if you would like the government and PMBs in two separate sections of the BG or is it fine that they are mixed together? Please advise of any changes by 3 p.m. today. We will then revise as bills are introduced/passed today and tomorrow.

Thanks
Sue
