Yes it's not part of release. It's responsive

My thoughts are that it would be good not to put out on the CWR/Min wage package. Also doesn't seem to fit coming from MOL. I'm not sure what other options are – I guess either reactive or having it sent out proactively by another Ministry?

Thanks Andrew - will get the date for the Site Selection study and include.

If folks have thoughts on proactively sharing this tomorrow vs. holding for reactive, please advise. MOL has concerns with linking to this from tomorrow's NR and distributing at the event - they feel it will show that the ESA/LRA/Min Wage changes are bad for business.

Thanks,

Olivia

Subject: FOR REVIEW: Business Supports BG

Hi all,

Apologies for starting another chain here. Attached for your review is the revised Business Supports BG, with expanded tax language in the intro as well as links to third party reports incorporated.

Please advise if this can be considered final.

Please also advise if this BG should be distributed widely tomorrow with the other materials (NR, Fair Workplaces BG, P's remarks) or if we should hold this for targeted sharing.

Thank you,

Olivia
