## Today's News Friday, March 03, 2017

This morning, Premier Kathleen Wynne will be making calls to discuss Ontario's Fair Hydro Plan with hydro consumers that she spoke with earlier in the year. Starting this summer, the plan will lower electricity bills by 25 per cent on average for all residential consumers, providing significant relief to people across the province.

*Our government's four-part economic plan to build Ontario up invests in people's talents and skills, including helping people get and create the jobs of the future by expanding access to high-quality college and university education. It includes making the largest infrastructure investment in Ontario's history — \$160 billion over 12 years — part of which is our Moving Ontario Forward plan to build roads, transit and infrastructure. Our plan includes fostering a dynamic, supportive environment for business to thrive, including investing in a low-carbon economy driven by innovative, high-growth, export-oriented businesses. And it includes creating a secure retirement pension plan for workers to have the retirement they deserve.*
