Fair Hydro Plan 1

Starting this Summer, households in Ontario **will** receive an average of 25 percent off their hydro.

And your bill **won't** increase beyond the rate of inflation for at least 4 years.

We've heard you. Hydro needs to be fair for everyone across the province and we have made fundamental changes to ensure this in the long term.

Find out more about your reduction at Ontario.ca/FairHydroPlan.

Fair Hydro Plan 2

Ontario has made important investments in clean, reliable energy. This has led to hydro bills that have become harder to pay.

We've heard you and we're taking action with the Fair Hydro Plan. **increase beyond the rate of inflation for at least 4 years.**

From News Release

Ontario is lowering electricity bills by 25 per cent on average for all residential customers as part of a significant system restructuring that will address long-standing policy challenges and ensure greater fairness.

Starting this summer, Ontario's Fair Hydro Plan **would** provide households with this 25 per cent break.

Many small businesses and farms **would** also benefit from the initiative. People with low incomes and

those living in eligible rural communities **would** receive even greater reductions to their electricity bills. **As**

part of this plan, rate increases over the next four years **would be held** to the rate of inflation for everyone.
