From DAG

Further to the discussion at Deputy Minister's Council on Friday morning, I am writing to advise ministries of your continued vigilance in preserving any records in your custody and control related to Ontario's Fair Hydro **Plan**. This includes any records already provided to the Office of the Auditor General as part of the preparation of the report released by that office last week, records that are currently under review to respond to any outstanding requests from the Office of the Auditor General, and any other records that may be relevant to this matter.

Commented [OS(1)]: I think we should distinguish what is in the Deputy's control. It may imply that MO documents are also captured.

I would also remind ministries of the continued importance of taking appropriate steps to properly preserve all records within their custody and control in accordance with the Archives and Record Keeping Act.

I would also request that Deputy Imbrogno share a copy of this email with the IESO and OPG and Deputy Thompson with the Ontario Financing Authority.

We will continue to advise ministries of any further steps that should be taken with respect to this matter.

Please contact me if you have any questions. Alternatively, your staff may contact my EA, Linda Shin or William Bromm, for further advice.

A copy of this memo is being shared with the Premier's Office for their information.

Irwin Glasberg

Copy: Steve Orsini, Secretary of the Cabinet and Head of the OPS
William Bromm,
