Subject: FW: coalition members hydro bill

Steve

Attached please find a coalition members November hydro bill which shows 13K hydro bill with a 107 K global adjustment charge.

He does not want the company name to be known out there because 1) all media is to come from the U.S. head office 2) if the U.S. head office new that they spent this much on hydro he is worried they would close the Ontario plant.

Thanks
