Hi,
Attached is the latest iteration of the Cabinet submission, including an updated minute. This is with our MO for review but wanted to keep you updated so you can continue to revise your TB / CAB notes. Note that some of the numbers have changed to remain consistent with methodology throughout the submission.

Hi Boafoa,

Wondering if it's possible for the electricity item to be last on the agenda tomorrow. We have a Minister's briefing which conflicts with Major Projects, involving the same staff and it would be very helpful if we could be on at 11am.

Thanks,
Keley

Hi Keley/David

We will be adding the Electricity Pricing Mitigation item to Major Projects this Thursday. This will be an opportunity to ensure everyone is on the same page in advance of the TB trip next week. Major Projects is scheduled from 10:30 to 11:30 on Thursday. This item will be the first—10:30 to 11:00. Please let me know if this time doesn't work or if there are any concerns.

Thanks
Boafoa
