Subject: LTEP / OFHP Reconciliation

Hi.

I connected with Bevan and got a timeslot from Emily.

Steen and Hillary can take it from here, but basically we have identified a challenge fitting the Fair Hydro Plan into the LTEP modeling and should bring senior PO and CO (Bevan & Steve) into the tent on this quickly.

We can have **10.30-11.30 am on Thursday** (basically right before the Hydro Quebec Meeting) in Bevan's calendar and so, I snatched up the timeslot.

Given the topic, we should probably have a smaller forum, so perhaps the same crowd that would attend the HQ briefing (or smaller)?

For greater clarity, we are going to still proceed with tomorrow's LTEP bi-weekly, as it will cover "everything but" the price curve issues described above.

Wondering, would CO mind sending out a calendar invite for 10.30 and perhaps help find a room / location, please?

Many thanks, in advance.

Atel/
