Deputy,

As discussed, the attached materials and copy of the email below is in your inbox.

An updated leg planning calendar is in the works and, pending final response from some policy areas and OLC, should be ready this week.

Hi Gillian,

The attached summary should reflect the last leg planning conversation we had on Jun 7th.

I would note that I am in the midst of requesting updates from policy areas on tracking/items and OLC on drafting status, as there are a few new things I'm hearing that will need to be raised at our next leg planning discussion, including:

- Bundling the consumer protection items, and proposing a couple of potentially new ones (e.g. realty that was discussed in the 6 month discussion yesterday)
- Proposing a couple of elements to the existing health bundle (e.g. post-payment accountability, technical amendments)
- Proposing a new stand-alone Health Sector Payment Transparency legislation
- Proposing additional FES Items (e.g. developmental services)

Once I have the updates this week, I was hoping to share with folks and suggest a leg planning check-in.

If you have any questions, please let me know.

Lucia

Hi Lucia,

Can you please send me the current leg planning calendar?

Thanks!
Gillian
