The deck has not been finalized yet. We are targeting this afternoon. Apparently my MO let PO know last night.

Hi Keley, the ECO is looking for 50 printed copies of the deck delivered to the vault by 9:30 and also an e-copy asap. Is this doable from your perspective?

Thanks, Megan

Hi Megan,
We are working to finalize the material for later today. But likely not until the evening. Unfortunately, we won't have time to review the minute until after the material for Wednesday is finalized.
Thanks,
Keley

Hi Keley,

We're hearing that material for the Tuesday mailout may come in either this evening or first thing Tuesday morning – let us know if it's possible for materials to come in sooner than that.

We're working on the CO note and will aim to have it to you as soon as possible. Let's stay in touch on the timing for both of these products today.

Any feedback on the minute?

Megan

Hi Keley, this has likely reached you – new tracking info for the item:

Feb 15: ENE presents the electricity package at Cabinet as an INFO item, similar to the content of Thursday's meeting (possible time is 1 hour, tbc). Likely will mail out on Tuesday. Proposal will be revised based on outcomes of Thursday and will include at least one option that is focused on supporting Class B customers to reduce electricity need.

Also Feb 15: ENE at FPC with a focus on the GA smoothing accounting.

Feb 22: ENE at Cabinet for decision on electricity package.

Thanks, Megan

Keley, just so you know, we have not shared this with PO and are getting our DM's thoughts on this as well so I would ask that this not be shared with your MO yet.

Thanks,
Martha

Keley,
As discussed, sharing the first draft of the minute (with many questions embedded). Same password as other documents. We would appreciate energy's feedback as soon as possible (possibly over the weekend).
