Attached are the updated Change Chart and Calendar.

As usual most changes aren't yet reflected in the calendar, only in the change chart. That includes deciding which items Fast Track to the Nov 16th Cabinet.

Though you will now see in the Chart we have ordered them, by most likely/best choice down to least, and completely removed those that we can't possibly recommend to FT.

Also note I have added a chart with the Dec 7, 14, and the January 18 Cabinets, to show that we have three Cabinet with over 30 items tracking. That is our next hurdle – what has to be done in the calendar year or immediately in January.

This chart will help decide what items need to disappear, and/or whether we need to press to add Cabinet meetings the week before Christmas or the week after New Years.
