Attached are comments on the minute. CBN comments to follow. Note that this is with my MO for review. I've asked them to flag concerns asap.

Hi all – some changes from this morning's discussion reflected in the revised minute (attached) and also wanted to push the note out again.

We'll need any comments by 1:30 this afternoon to finalize for a mailout (we've received some already – thanks - just incorporating those now).

Please let me know if you think that timeline may be a problem (we're limited time-wise on our end by the physical process of walking material around to each MO).

Thanks,
Rob

Hi,

I am reattaching the minute to this email (not changed from what I sent this afternoon) but also included the updated CBN which reflects the input received over the weekend and meeting today. Still some places to confirm but starting to reduce the placeholders. Our aim would be to finalize this for tomorrow afternoon in prep for Cabinet Wednesday.

Thanks,
Martha

Hi,

Based on feedback received over the weekend and the meeting this morning, we have continued to refine the Cabinet minute for the energy item. The attached attempts to capture the commentary but also includes outstanding questions (mainly for energy...sorry).

Updated CBN to be shared end of day.

Thanks,
Martha
