An asterisk “*” denotes an item that could report to Cabinet one cycle later; “**” one or two cycles later.

Potential options:

- A – Remove three to six more policy items to “Later” column.
- B – Extend Cabinet on Dec 14 and remove two to four items.
- C – Add a Cabinet Dec 15 (possibly all-CC Cabinet)
- D – Add a Cabinet Jan 12

Considerations:

- Next Cabinet after January 19 is February 2, then February 15 starts weekly Cabinets.
- House resumes February 22 – so window for pre-House items Feb 2 and 15.
- Window for policy for Doc likely closes March 8 Cabinet, earlier if complex drafting involved.
