Here's what we got it down to.

They all were pretty straight forward to pull, except:

- Fed prov infrastructure – just pulled that one national leadership swimlane (there isn't really anything)
- Cap+trade, etc – pulled the 1. proceeds and the 2. cap&trade swimlanes
- Nafta/trade issues – pulled 1. trade strategy and 2. trade agreements swimlanes
- Electricity rate mitigation – pulled the OESP swimlane
- RER/transit – just pulled the RER row (I think was the first)
