Hi Ali,

As requested, attached is a table on existing government-funded programs and their fiscal impacts. It was sent to Energy staff as well. Note that it only shows forgoing the residential DRC amounts up to March 31, 2018, when the DRC is scheduled to end in any case.

This is just for the existing programs, as we have not yet updated the table for the fiscal impacts/exposures of the proposed new ones, to reflect the new RRRP and GA numbers. Energy, of course, has those numbers.
