And revised (I was apparently one submission and minute behind on electricity, which may change again) – thanks to Ron for the quick comments.

Subject: Minister's Materials | Cabinet | March 1

Hi Everyone,

Please find attached draft materials for the Minister's Cabinet Binder (subject to any changes from the divisions) – Sophia, there are hard copies on your chair. A couple of notes:

- The adult education explainer is a little dense but meant to compliment the high-level placemat Advanced Education & Skills Development put together themselves and circulated with their submission.
- I've revised last week's electricity mitigation explainer to reflect the latest draft of the minute / submission but it won't cover any developments from the weekend. Happy to update it tomorrow as necessary.

Thanks and happy to discuss,
Brandon
