Hi,

Building on Martha's earlier edits, see attached for the latest draft chart of key themes/questions. I moved the fiscal category to the top (which captures program review) and made some other small edits / re-organizing of chart for consideration. The government service delivery row also captures program review but I kept it at the bottom of the chart as I thought it fits well there.

As noted earlier, I am away on Tuesday but back on Wednesday and can assist further, etc.

Thanks and hope you all have a great weekend,
Michelle
