Hi ECs,

In preparation for the leg planning meeting on Aug 9, please find attached the latest leg planning materials. By eod next Wednesday Aug 2, please let me know if you have any:

- **Changes** to existing items (please make them in the detailed word doc and we will transfer accordingly in the summary)
- **New items** (please add them with a description etc. and ensure that a policy check-in with PO/Gillian happens before leg planning)
 - E.g. new Fall Bill items (I'm hearing MOF's FSRA is one, Energy could have one for net metering?)
 - E.g. new other items (I hear that leg counsel may be getting instructions on EDU

Aboriginal Institutions?, French Language University?; MOECC – Cap & Trade proceeds?; MOHLTC – food safety?)

- **Discussion points** for the leg planning meeting (so we can focus though I have some already started in my head)

Please copy Kyle Hodnett on your responses. Once we consolidate your changes, I will get an update on drafting from leg counsel before distributing it to the broader team.

The “final” updated document is targeted distribution to the leg planning participants by end of next week, and would serve to support the meeting as well as DM and SoC briefings for Aug 17 Cabinet.

Let me know if you have any questions. Thanks!
