Hi Karen/Maria –

Attached is a briefing note articulating ENE concerns with the MOECC Solar PV submission tracking to April 24th. I understand from Martin that the note hasn't been shared with MOECC but the concerns have been flagged since the program has been in development. If you've any questions please let me know and I can triage with Martin.

Sohaeb – can you share with the resources team please? Thanks!

P.

Hi Patrick,

Attached is a note on ENERGY's comments regarding the proposed GreenON Solar PV Incentive. Note that we developed this without the benefit of reviewing MOECC's submission. If we receive the submission and anything changes, we will let you know.

Deputy Imbrogno promised Karen that we would share this for your consideration in reviewing the TB submission tracking for the 24th.

Can you share with Karen and staff?

Thanks,
Martin
