1. Ministry: Natural Resources and Forestry Title: Procurement of a Modernized Ontario Parks Reservation and Registration Service Lead Analyst(s): Ihab Khalil Discussion { FORMCHECKBOX } In Camera	The Parks Reservation and Registration Service (PRRS) allows campers to make a site reservation through the internet, the call centre, or at a provincial park. The current PRRS is a full-service, "turnkey", centralized solution provided by a third-party vendor. The contract expires on October 21, 2019 and has no options to extend beyond that date. The Ministry is requesting approval to competitively procure a vendor to provide the Parks Reservation and Registration Services for a ten-year period. The total estimated value of this procurement is \$69.2 million. The Ministry is also requesting approval to negotiate a non-competitive agreement with the current vendor in the event the Ministry is unable to implement the replacement service upon expiry of the current contract (October 21, 2019) – total contract value, up to \$7.4M.	{ FORMCHECKBOX } Fiscal impact (op/cap) Total \$: { FORMCHECKBOX } Appropriation (op/cap/asset) { FORMCHECKBOX } Capital project approval { FORMCHECKBOX } HR/Bargaining/FTE/S&W { FORMCHECKBOX } Agency/Advisor/STAB { FORMCHECKBOX } Procurement { FORMCHECKBOX } I&IT approval { FORMCHECKBOX } Revenue approval/impact { FORMCHECKBOX } Program approval (incl. commitments) { FORMCHECKBOX } Report back/holdback { FORMCHECKBOX } Accounting considerations { FORMCHECKBOX } Link to policy, leg or reg	Linkages: The PRRS contributes to Ontario Parks program objectives by: Making the reservation service accessible digitally in compliance with AODA requirements; digitally accessible services simplify the reservation process leading to increased reservations and visitation, which results in economic benefits for Ontario Parks. Promoting and enabling access to outdoor recreation opportunities. Contributing to operational and policy research by reporting on customer and provincial park data. 2. Ministry: Attorney General Title: Alcohol and Gaming Commission of Ontario Regulatory Assurance Solution Procurement Extension Lead Analyst(s): Helen McLafferty Discussion { FORMCHECKBOX } In Camera	The Ministry is requesting approval for procurements and associated allocation changes necessary to complete work on the Alcohol and Gaming Commission Regulatory Assurance IT Solution which will modernize the ways services are delivered. The Ministry is seeking procurement approval of \$12.2M which includes competitive procurements for multiple service providers, as well as a non-competitive procurement to acquire IT services from the existing vendor (allowable exception to recognize exclusive rights) to continue building the solution.	{ FORMCHECKBOX } Fiscal impact (op/cap) Total \$: 23.4 over 10 years { FORMCHECKBOX } Appropriation (op/cap/asset) { FORMCHECKBOX } Capital project approval { FORMCHECKBOX } HR/Bargaining/FTE/S&W { FORMCHECKBOX } Agency/Advisor/STAB { FORMCHECKBOX } Procurement { FORMCHECKBOX } I&IT approval { FORMCHECKBOX } Revenue approval/impact { FORMCHECKBOX } Program approval (incl. commitments) { FORMCHECKBOX } Report back/holdback { FORMCHECKBOX } Accounting considerations { FORMCHECKBOX } Link to policy, leg or reg	Linkages: The procurement will be reviewed by ITPAC/SCLC on September 13, 2017. 4. Ministry: Health and Long-Term Care Title: Modernizing Telehealth Ontario: Making It Easier for Ontarians to Access Health Information and Services Lead Analyst(s): Dan Matsumoto Discussion { FORMCHECKBOX } In Camera	MOHLTC is seeking approval to re-issue a Request for Bids to competitively acquire a third party provider for the provision of Telehealth services. In September 2015, Treasury Board/Management Board approved the ministry to undertake a competitive procurement to modernize Telehealth services, and the ministry engaged in procurement processes in 2016-2017; however, the bid was cancelled due to the unanticipated risks that emerged related to data storage on cloud-based solutions. 7. Ministry: Labour Title: Workplace Safety and Insurance Act Amendments Lead Analyst(s): Ramsey Franklyn/ Ian Dyament Discussion { FORMCHECKBOX } In Camera	MOL is requesting approval to go forward with proposed legislative amendments to the Workplace Safety and Insurance Act and Crown Employee Collective Bargaining Act that if approved, would be introduced through the Fall Economic Statement. Proposed WSIA amendments include: - Requiring that work related chronic mental stress entitlement be adjudicated in accordance with the new chronic mental stress entitlement policy. MOL is also seeking to draft administrative and housekeeping amendments to: - Respond to requests by the Workplace Safety and Insurance Appeals Tribunal to codify its authorities and ability to contract with third parties building on its current employment related contract authority and to provide the Chair with discretion to assign a panel with more than one vice-chair to hear an appeal. - Reduce the number of Alternate Chairs on the Grievance Settlement Board from two to one.	{ FORMCHECKBOX } Fiscal impact (op/cap) Total \$: PTSD presumption: \$18.3M-\$20.1M annually (MOHLTC, MCSCS, MCYS) Chronic Mental Stress: TBC { FORMCHECKBOX } Appropriation (op/cap/asset) { FORMCHECKBOX } Capital project approval { FORMCHECKBOX } HR/Bargaining/FTE/S&W { FORMCHECKBOX } Agency/Advisor/STAB { FORMCHECKBOX } Procurement { FORMCHECKBOX } I&IT approval { FORMCHECKBOX } Revenue approval/impact { FORMCHECKBOX } Program approval (incl. commitments) { FORMCHECKBOX } Report back/holdback { FORMCHECKBOX } Accounting considerations { FORMCHECKBOX } Link to policy, leg or reg	Linkages: Budget 2017 made amendments the Workplace Safety Insurance Act to allow compensation for work-related chronic and traumatic mental stress. These changes are scheduled to come into effect on January 1, 2018. Transition and retroactivity provisions associated with these entitlements are required now to allow WSIB to update its operational policies. WSIB indicates the proposed changes are unlikely to impact its unfunded liability (UFL) and it is on track to retire the UFL by 2020/21 as outlined in the 2016 Economic Statement. However, the proposed changes are expected to impact the WSIB's planned average rate premium reduction of 3% overall for 2018. With the proposed changes, it is anticipated the overall average premium rate reduction would be 2.5%.
