Here is the updated note – both a clean version and tracked changes. The changes are since the one I sent this morning so for those that got the one Saturday there would be a few more. The changes come from energy, TBS, OFA and yourself.

Of note, the energy MO changes were minimal.

Happy to share this back around or hold. Some of the note is dependent on landing the minute as you'll see from the comments that remain embedded in the note.

Thanks!

Let's be very cautious about accepting any changes from the MO. This is a public service note, not a political staff note. Unless they're innocuous, I'd suggest holding off on those until tomorrow.

At what point do you typically share the note with PO?

Not surprising that energy shared the note with their MO but presents slight issue as PO hasn't seen.

Megan, as you have the pen again on the note, sending to you!

Hi Martha,

Not sure where you are at with a new turn of the CBN but attached, highlighted in green are a few edits from my MO.

Thanks,
Keley

Subject: Draft CBN

Hi,

Attached please find a draft of the CBN for the price mitigation item. There are still placeholders in the note and some embedded comments that will need to be filled in based on final submission and there are some sections that would benefit from advice/proposed language from MOF/OFA and TBS/OPCD.

We have attempted to capture some of the risks flagged in emails last night and this version aligns to the minute sent around yesterday afternoon.

(Serge/Keley – we sent a draft note to you yesterday morning, this note is slightly updated to reflect the emails of yesterday as well as some feedback we received from Steven and TBS).

Same password.

Comments/questions/concerns – please share!

Thanks,
Martha
