Subject: MYAP related materials - update for 4:30pm today

Hi Everybody,

The DM briefly reviewed the PD&G deck and had two requested tweaks before EOD today:

- 1) Split Cap&Trade and GreenON into two rows (Amanda - please make edits in the attached slide and send back to me by **4:30pm today**); and
- 2) Reduce the overall risk status for the Autism item to orange, given the success of the announcement this week (we can make this change in the deck and in the DRTP system).

We'll make these changes will reprint copies of the deck before we leave today. Following that meeting, we will expect to receive feedback and likely a few further edits to be made on Monday morning.

Thank you for your continued work on this – it's been a whirlwind.

Jay
