Hi Satinder, Anika:

ETI has a few comments/suggestions on the slides, which are embedded in the attached deck (building on the version Karen provided feedback on).

Happy to discuss any of these comments. Thanks! The deck looks great.

Hi Jay and Satinder,

Thanks for sharing this – I think it's coming along really well. I have a few comments embedded in the attached deck. The main one is that there is a notable absence of anything related to the natural or built environment (other than transit), particularly in the outcomes slides. Resource and planning Ministers may not see themselves in this document at all. I appreciate that this is a function of the pillars / areas of action we are using so perhaps not a problem we can solve, but I have suggested some specific additions that may help. Examples – Livestock in the North, Municipal leg review, Coordinated Plan Review, Mining Modernization.

Hope helpful. I am not in today but if you need anything from my team I have copied John and Ewa and they will be able to assist you.

Thanks,

Karen

Hi Everybody,

Attached is an updated draft of the deck, based on feedback from the DM's briefing this afternoon. We'll take this version into the SoC's briefing, and will plan to make additional edits Thursday based on feedback from the SoC and PO.

I'd ask that everyone review this version and provide edits to Anika (4th floor) and Satinder (6th floor) by 3pm Thursday.

Thank you - and to your teams - for all the hard work that has gone into this product in such a short time.

Hello Policy,

As you've likely heard, CO P&D has been asked to prepare a presentation for the April 18th Cabinet that provides an overview of the government's progress over their current mandate.

To support the development of materials, we are asking your policy teams to provide input into the attached chart. It's arranged based on the Areas of Action and pillars in the MYAP; and corresponding Key Activity numbers are included for reference.

For each theme identified, please review the key activities in your portfolio and provide 5-10 concise bullets (if applicable) on each of:

- key milestones achieved; and
- outcomes achieved.

We are asking for rolled up, ADM approved responses by **Tuesday, April 10 by end of day**. This will allow us time to prepare a draft presentation on Wednesday the 11th, in order to support the SoC briefing on the 12th (TBC) and to provide you an opportunity to review the presentation prior to the P's briefing on Monday April 16th (TBC). We anticipate that the presentation will be green-folded at Cabinet on the 18th.

If you have questions, please contact:

- 4th floor – Anika Bhatti (Anika.Bhatti2@ontario.ca)
- 6th floor – Satinder Banwait (satinder.banwait2@ontario.ca)

Thank you !

Jay
