Hi Eva,

First – please do not go through this in detail! Just want to give you some material in case you want to start thinking about the portfolio. I'll be updating materials as we get closer to cut over.

Also, and as discussed, let's find some time to walk through some highlights before things get crazy when we arrive back in the new year.

It looks like we may have an announcement by January 9 and my last CO day will be January 19.

Know you'll be great in your new role and hope you have a great holiday with your fam!

MGCS Ranking	CO Ranking	Issue/File	Required Approvals	Required Instruments	Priority Rationale	Drafting Status	Timing	CO Comments & Qs
0	Recommend deferral	Upholstered and Stuffed Articles (USA) final regulation (English and French)	LRC only	Reg	Regulatory review to reduce burden on business. Cabinet directed MGCS to report back in fall 2017, but LRC date was bumped to the New Year.	ALMOST COMPLETE	January 23 LRC July 1, 2018 in force	· Has there been any public commitment regarding timing to bring reg changes into force by July 1st? · If not then would recommend deferring to allow time to analyse impact of TSSA's intention to increase fees if reg changes are implemented. · Recommend deferral.
1	Agree	Gender Neutral	LRC only	Reg	<i>Responsive to</i>	DRAFTING	February 20	· Is there need for

		Birth Docs			<i>ongoing litigation Public commitments; Public attention</i>	INSTRUCTIONS WITH OLC	LRC April 2018 in force	lead time btw Feb and April for implementation? Just as FYI for risk if it gets bumped to a later LRC date in March due to drafting or other issues would it still allow for April implementation Has OLC provided MGCS with Draft Reg yet or assessment of complexity of drafting and whether they can meet Feb 20 LRC deadlines for Final Reg? Agree with urgency for April.
2	Agree	Elevator Availability	Policy/LRC	Leg/Reg	Legislation as part of spring omnibus bill <i>PO/MO direction; Public attention re availability</i>	DRAFTING INSTRUCTIONS WITH OLC	January 16 JEP / January 17 CAB Jan 23 LRC or Feb 6 LRC Intro for 2018 Omnibus Bill	PO/CO ok with Feb 6 LRC date so long as it means the legislative instruments will be ready as "FINAL" and signed by the scheduled deadlines for that LRC date.
4	TBD	CCAP EV charging @ condos	LRC	Reg	<i>MO direction</i>		February LRC requested MO request for April 2018 in force date	We'll need to confer with MOECC re timing and prioritizing.
5	Why Feb?	Minister's regulation under the <i>Condominium Management Services Act</i> (CMSA)	N/A	Minister's Reg	Public commitment		January 2 filing to allow for advance notice to public February in force date	Why Feb in force? What is risk of delay/deferral to later date? If deferred would it free OLC drafting resources to devote to Elevators or potentially Consumer Reporting?
6	Could defer from Jan and still achieve March in force	Door-to-door minister's regulation to improve disclosure requirements in consumer agreements for prescribed goods and services and to complement the LGIC regulation.	N/A	Minister's Reg	The LGIC regulation is to come into force on March 1, 2018, and the intent is that the minister's regulation comes into force at the same time.		Minister approval required Jan 2018 March 1 in force date	Why is Minister's approval required in January for a March 1 in force date? If drafting delayed/deferred would it free up OLC resources for Elevators or potentially Consumer Reporting

					Public committment			
8	TBD pending consultation with law enforcement	VAL Tag – Eliminate Sticker to Digital Vehicle Registration					February 7 JEP, February 21 CAB MO is reaching out to MTO due to recent stakeholder concerns raised to confirm whether this is proceeding	Is there a draft minute? What is the time pressure driving February policy date? Is there a legislative vehicle identified? Has this been identified as a priority for intro and/or passage – if so then is March LRC too late? If not then would recommend deferring for other priorities? Why does MGCS require policy approval? Is the sticker requirement in legislation? Could we lever Digital Govt or Open For Business Go Digital minute and proceed direct to LRC? Is the amendment complex or just a repeal of existing provision for stickers? Need update from MTO/MCSCS on consultations with law enforcement before determining whether to proceed.
9	TBD Need more details	FIPPA/MFIPPA – Aboriginal exemption					February LRC (either the 6 or the 20)	Didn't we already make these changes to FIPPA/MFIPPA to exempt? Need more details on what the exemption regs are for? MIRR views? What is the time pressure for Feb?
10	TBD	Equifax/Consumer Reporting					February LRC	Would like to get ministry assessment of scope and options to include in an omnibus legislation for the new year but NOT at the expense of other confirmed priorities

								(Elevators, Gender Neutral, and potentially CCAP-EV Charging). Potential to move up in priority list for 2018 Omnibus Legislation.
