Hi Deputy,

Please find attached the revised notes. Please note that the following are outstanding but tracking soon: Distribution, Hydro 1 and Electricity Pensions. I have highlighted the notes that you have in your table of contents. In addition, I will ensure that all notes are formatted correctly (charts on each page etc) once the tracked versions are approved. There is also a new, "Disconnections" note as per requested on top of your binder. I also have left the Estimates Binder with the modules for your perusal.

Thanks,
Denna
