Hi Deputy,

Please see below and attached what was shared with the FAO this evening. The comments in the attachment have been revised to reflect some of the discussion this evening. We have also confirmed that the data shared with the FAO is the same as what was used to support the analysis in the March Cab sub.

Thanks
Martin

Jeff;

Please find attached the consolidated edits, comments, questions and feedback from the Ministries of Energy and Finance, as well as Treasury Board Secretariat. We appreciate the opportunity to review, dialogue and provide feedback, and we appreciate the tight constraints you are working under.

As discussed earlier today, we are arranging a meeting with all affected parties on Wednesday afternoon to discuss three main issues which we feel require further discussion. The meeting will include folks cc'ed in this email as well as accountants from KPMG.

Agenda will include:

- Report's discussion of accounting treatment – we are concerned in terms of the technical content presented, as well as the overall way it is integrated into the FAO's projections and presentation of impact.
- Interest Rate Spread Assumptions
- Other Issues, including the Inclusion of the Tax Base Funded Electricity Relief Programs beyond 20-21.

Look forward to discussing this report with you all tomorrow.
