Hi. attached is working draft of the technical briefing slides for Ontario's Rate Relief Plan (ORRP).

This is very much a work in progress. It's likely too wordy, too long, not punchy enough, etc.

Couple of things to note, content regarding the ORRP items is from the COMs materials with the exception of the ICI item (from the Cab sub). We've also added a slide on the up-coming LTEP as a closing slide (and placeholder). If we keep it, we'll need do more work on it.

Anyway, the attached is a start.

Thanks, Steen
