Hi Deputy,

Attached is a revised draft of the LTEP calendar based on our discussion earlier today. I have built in some dates around the cabinet submission, both when we want to get versions to MO, and when we want edits back from MO. All cabinet submission related items are in green boxes. I did not built in when I wanted products for you, but I could do that if you'd like. In terms of your question about when finals would be due to Cabinet to make it into Cabinet binders, it sounds like that's usually by end of day Thursday before Cabinet. I haven't added that explicitly in this version, but happy to do that if you'd like.

I've also added in some dates around Treasury Board. There is only one Treasury Board date in August, so we would need to track to that if we want to go before LTEP is released. These are all in green as well.

Happy to discuss this tomorrow, but wanted to share with you tonight in case you were looking for this.

Thanks,
Hillary
