Hi Steve,

Attached is the minute and our analysis slide from the Cab Sub. Since the Cab Sub was based on calendar years, the 4 year commitment to the end of 2021 means we're only short 6 months compared to the legislation end date of June 30, 2021.

Hi Deputy,

Please find attached the Cabinet minute for the OFHP item from March 1, as well as the slide showing the impact of GA financing. Documents are password protected with the project password.

It appears that the Cabinet minute references a calendar year with a commitment to the end of 2021 (Dec 31), while the legislation now contemplates an end date of June 30, 2021. This results in a change of 6 months.

Let me know if you require anything further.

Thanks,

Martin
