Hello Serge:

Hope you are well, post-LTEP.

I am acting for a group called The Sub-Metering Council of Ontario (SCO) which is made up of the leading sub-metering providers in the province (Enercare, Carma, Provident Energy Management, and Priority).

We've had some discussions pre- and post- LTEP with Ministry people to get a better sense of the Ministry's intentions, and how we could support expanded oversight. However, the draft regulations that were posted go well beyond what was communicated to us, and we are less sure as to what the Ministry actually intends to do.

Serge, we are requesting the opportunity to meet with you to get a better sense of what the Ministry intends, and how we can support the Ministry in moving forward with expanded OEB oversight. I am attaching the submission made by the SCO to the Regulation Registry (17-ENE010).

Hope all is well otherwise and that you're still enjoying that commute! ;)

All the best for your weekend,

Chris Holz
