Deputy,

Attached is the microgrid package tracking for the November 23rd MTCC. You've seen this material before – staff have updated to reflect the current direction.

- 1) Cabinet Submission
- 2) Overview deck
- 3) CO Pink note (with edits to the version shared by CO)

CO is pushing for final, signed materials by November 16th.

OK to share with MO?

Jeet

Hi Jeet,

Please find attached the final Microgrids package with Carolyn's edits incorporated.

Thanks,

Carl

This has to go to MO today so I will need to send to DM first. Please flag that staff will need to make any changes requested today and track back up.

Staff have addressed all but one of CC's edits. They are pushing back on a deletion that Carolyn requested and flagged it as a non-starter for TBS. We're expecting Carolyn back before noon and will be addressing it ASAP.

Carl

Hi,

How is this package tracking?
