Hi Deputy,

Attached is the LTEP outlooks deck for tomorrow's meeting with MO. Attached is a tracked version from the version we used to brief MO last week. The main change is the addition of slide 23 on federal funding for energy infrastructure. This would accompany the deck that we shared with MO earlier this evening.

Ok to share with MO?

Thanks,
Hillary

Subject: LTEP Briefing Tomorrow

Hi Deputy,

There are two products tracking for the LTEP outlooks briefing tomorrow: the price curve deck, and the regional economic development deck. Both of these topics will be discussed at next week's PO briefing.

Attached is the regional economic development deck. A previous version had been shared with MO, and some updates were made. Changes are redlined in the attached.

Ok to share with MO?

Thanks,
Hillary
