Hi Deputy,

I think he is referring to the slide we adopted from the Blakes deck. Just following up with ESP to confirm. I can follow up with IGS to make these changes.

Also, I think the bill redesign deck should be good to go.

OK to make these changes?

Thanks,
Martin

Good Afternoon:

The main deck is fine.

The IGS deck should be updated to include:

A) the diagram from final OFHP submission on the pathway / flow of money. The background / context slide is great in words, but could be better served as a refresher for Minister if we also added in that slide. Steen - you know what I'm talking about?

B) Final / Next Steps slide of the IGS deck should include dates, please.

Further, despite the few slides in the main deck on Bill Redesign, let's also add a third product for Minister's briefing next week - the DM/CoS "Redesign Action Plan" deck from last week. Just change the title slide. Don't think it needs much more of a re-fresh, please?

Many thanks, in advance.
