We can wait for 2pm, we just thought you might want an update sooner. Let us know your preference.

Confusion appears in surplus today.
Would this be in place of the 2pm?

Hi Andrew,

Are you available for a call so we can provide a debrief on major projects? We can explain the number differential and a few other pieces. We need a bit of time but could do 1215/1230.

I don't think we can go to Major Projects until we resolve the wild swing in numbers.
I've let PO know that we are not ready to present today.

We would like to share before the 10:30am meeting?

The numbers for RRRP enhanced customers don't link up with the fact check document DMO sent over a few days ago. That document indicated pre-tax for R2 was \$45/month. 20% reduction. Now the deck says \$44/month and 19%?

Good evening,

Please find attached the revised Cabinet submission and minute which reflect edits discussed earlier today (clean and track changes versions attached). The Minute also reflects comments from MOF / CO.

If you are comfortable with this, we can share with CO / MOF / TBS in advance of tomorrow's Major Projects meeting.

Keley
