For slide #6, I meant explain better the \$6-million increase of \$110 to \$116.
That is being proposed to line up the RRRP rebate with our communications since SFT, or something, right?
Don't need the new red sub-bullet at the top, at all. Need a new bullet as part of the three sub-bullets to the third main bullet.

Good Afternoon:

CoS edits -

Slide 2 : recall SFT and Cabinet approval was on same date? 12th and 12th, not 14th?

Slide 6 : move IPA content to Appendix

Slide 7 : add more context in those sub-bullets about how the revision upward is to bring the RRRP sum to be fully consistent with the SFT / Government Communications lines since mid September.

Slide 7 : "about 0.60\$ for average residential customer per month". Re: "about" - what is exact sum, please?

Slide 8 : sub-bullet call out " ... has not increase SINCE 200X, while rates..." (cut "over time").

Slide 14 : first bullet. Remove parenthetical note "(such as..)"

Slide 15 : "Portals". Need to add context that these are not SAMS-like, customer-facing, Hydro One CIS software boondoggles waiting to happen. It's basically an intranet between IESO» MEU's and Ministry» LDC's for the purposes of information sharing and program implementation, right? Need to add that sort of context, please.

Would it please be possible to get these edits turned around this afternoon for us to have an updated copy for Minister's briefing on Monday, please?

Need to share with him for weekend reading and such.

Many thanks, in advance.

Hi Andrew,
Attached is a deck for Monday's Minister's briefing. We are also proposing this be used for Wednesdays fiscal prep. Let us know if you are comfortable and we will share with CO.
