The EA Sent this to you by accident. She didn't think she was sending to a Deputy :) . Answer below. Ok to share with MO?

Q. Is the MUSH sector eligible for the Fair Hydro Plan?

Most municipalities, university, schools and hospitals (MUSH) electricity consumers would not be eligible for the Global Adjustment (GA) refinancing portion of Ontario's Affordable Hydro Plan as they are generally too large to be eligible for the Regulated Price Plan (RRP).

MUSH consumers would benefit from shifting the funding for electricity support programs (e.g., Ontario Electricity Support Program) to provincial revenues.

Subject: Ennergy Announcement and School Boards

Hi Serge,

I imagine that this is likely a very busy day for you.

I am reaching out at the request of my Ministers Office to get clarification on whether school boards would be eligible for any of the changes announced today?

Happy to have our finance ADM reach out to the right person in your Ministry if that is easier if you provide me with a contact or for you to pass on the information if you have it.

Thanks,

Claudine Munroe
