Hi Andrew,

Attached is a proposed agenda for tomorrow's LTEP briefing. We'll share a full set of materials later today.

Given the number of items we're already discussing tomorrow, we recommend discussing the communications deck at a separate meeting. We could work with Carys to find some time later to have that discussion.

Thanks,
Martin

Good Morning:

We were also going to want to discuss "LTEP Communications". Wondering if a deck would be forthcoming, per discussion late last week - policy tracking, perhaps?

Many thanks, in advance.

Good Afternoon:

As discussed last week, Storage stakeholders have been circulating / re-circulating the enclosed products. By the sounds of it, I think that SNAP / DoP had already gone through and done a review of these proposed regulatory initiatives, but hope that we can carve out some time during this week's LTEP briefing (Wednesday) to review these attachments and, more importantly, Ministry response.

Many thanks, in advance.
