OK thanks. I think we should remove fully since I'm not sure what the point of the bullet is anymore. Staff are flagging it is also problematic and haven't proposed an alternative.

Let's go with "are" . Wondering if we remove fully.

Hi Deputy,

How do you want to respond to this? I'm not sure I will get a revised bullet from staff this evening.

We could propose going with what we had previously or delete it altogether.

Thanks,
Martin

Not sure why more edits are required. Let's go with what we have. Thanks.

Hi.

Page 2 - 2nd bullet - "were" should be "are"

Page 9 - spacing issues, but that could be just the view I have.

Hi Andrew,

Attached is an updated version of the deck with track changes. We've made a number of edits to tighten and clean things up. ESP is currently reviewing, but we wanted to share with you to review concurrently to see if you had any concerns.

Thanks,

Hi Andrew,

The CO/PO comms briefing went well. We're in the Minister's briefing right now but perhaps James can provide you a debrief on the details. They were fine with the deck and QAs. TBS suggested that they wanted to add the specific reference from PSAS to the accounting slide, but we will do that after the 4:30.

Yes, we will bring copies the deck we sent you and will also aim to have the QA package as a backpocket.

Thanks,
Martin

Good Afternoon:

Wondering how the CO meeting went?

Also - expect that we are final on deck, yes? Bringing copies for the 4.30pm briefing in Cabinet Room?
