Yes. We'll make the change.

Sent from my BlackBerry 10 smartphone on the Rogers network.

Hi.

Should slide 8 read 2021 instead of 2022?
Just noticed that.

Good morning, Andrew.

Glad to hear you like the presentation. We'll be sure to pass along your feedback.

On 1., yes this is the product for the FPC briefing on Wednesday. Attached is an updated version of the deck with some minor changes in red font (I've also attached a clean version). These changes are to catch up with some of the dates/wording from the latest draft of the legislation. Feel free to share this version on your side.

On 2., we should have something today or tomorrow on the GA piece, but we're not expecting to see a turn of the social program one until Monday. We will share the updated copies when we receive them.

Thanks,
Martin

Good Morning:

This is really good. Please thank them for us (Blakes, LSB, SNAP, ESP, really everyone).

I especially enjoy the new flowchart of relationships / geometric shapes (slide 19).

For greater clarity :

1. This is the product that we are using for FPC on Wednesday, right? No additions, changes or substitutions? IF yes, then I might consider sharing upwards on my side this weekend, but wanted to get DM concurrence on that first.

2. MO will still receive updated Legislation documents this weekend, right? So the new / next / final turn of the GA part and the social programs based on Friday's end of day conversation? Just since I wanted to share those with Minister as well. Knowing that a) they are pens down versions and b) that they are going to be merged up / cleaned by Legislative Counsel staff into the omni-bill. But just "content-wise" basically final for tabling.

Many thanks, in advance.

Andrew

Andrew,

Please find attached the presentation for Monday's Minister's Briefing on the Ontario Fair Hydro Plan Legislation.

Thanks,
Martin
