Well, I think these slides provide hope and will keep the issue alive. Think there will be report backs, etc. I looked back at the minute language, which says Energy working with Housing... Perhaps we want to suggest that the two names get flipped to Housing working with us.

Hi all, attached are the three slides - MO is fine with these, with caveat they may want to follow up and include some additional considerations. We're looking into it and will keep you posted.

Thanks,

Thanks Laurie. Can you please include Martha on the slides as we're trying to keep up with everyone's input as we concurrently write the pink note.

Thanks.

See slide 58. Let me know if you have any comments. Okay to share the slide, but please don't share  
the Cab Sub. I'll send you the PW in a separate email.
