The first line of their statement says the NDP will focus on “...*what matters to families: prescription drug coverage for everyone regardless of age, better health care, addressing the seniors care crisis, and lowering costs on essentials like hydro*” but the rest of their statement touches on everything from wages to school closures so drafted up two notes.

The first draft attached focuses on top 4 issues and then feeds in other priorities, the second covers everything. Tried to keep them as one pagers, but let me know if you want them to be longer.
