It's similar to what is in here, but definitely not the same deck. I wonder if what was leaked was an earlier internal Ministry version.

Subject: 10.30 AM | ENE Submission & Quick Reference Deck

Good Evening:

For the 10h30 meeting tomorrow, please find enclosed two products as follows:

- a. Updated Cabinet Submission (full deck – now weighing in at 80 pages). We will not be printing copies of this.
- b. GA Smoothing Section (separate deck – 20 pages). This is the smaller of the two documents enclosed here. It is same content that appears in various spots of the Cabinet Submission deck, but rather than spending lots of time flipping back and forth, we intend to constrain discussion tomorrow to the legal and accounting risks – and our mitigation measures to those risks. We will bring printed copies.

So, for greater clarity – if you're keen to look at something tonight or tomorrow morning prior to the meeting, focus on the shorter deck.

Password remains.

Many thanks, in advance.
