Good afternoon,

Yesterday, Patrick Brown sent an open letter to the Premier regarding Hydro One's rate application before the Ontario Energy Board. The letter willfully misinformed the public about the rate application process, and the potential outcome of the process. Regardless of the OEB's decision in this matter, electricity bills for all Hydro One residential customers will be going down as a result of our Fair Hydro Plan, which the PCs voted against.

Please see a response from Energy Minister Glenn Thibeault attached here.

Thank you,
Colin
