East FM 102.7: calls on Ontario government to table hydro legislation (2017.03.15)

Description: Ontario NDP Leader Andrea Horwath is calling on the Liberal government to table legislation for its hydro bill reduction plan on Monday. Even though the legislature is not sitting this week due to the March break, Horwath says Ontarians need to see the details as soon as possible and so the plan should be tabled on the next sitting day. Premier Kathleen Wynne announced earlier this month that people will receive an average 25% cut on their electricity bills starting this summer.

CMR FM 101.3 NDP call on Liberals to reveal their hydro plan - Tamil

Description: Ontario NDP Leader Andrea Horwath stepped up her attack on the Liberals' hydro plan, challenging Premier Kathleen Wynne to release the details of her scheme to slash rates. Horwath said she wants to see details of the plan on Monday, the day the legislature resumes from the March break. The government needs to table legislation so that Ontarians know what they are getting into, especially the amount of debt they will be taking on in order to achieve immediate rate relief, she said.
