I will assemble the KMs we have been sending. We sent out info to caucus every day last week on hydro rates. I will ensure that you are on these e-mails going forward.

Hi Mary, this is a pretty extensive list. On the ENE items in particular there have been many many sets of material. Is there a timeframe you're interested in? or most recent examples?

Guys can you share with me communication materials we have shared with ministers/members to use with their constituencies re:

- throne speech and reset/priorities
- electricity prices and energy investments

- hydro sale
- daycare commitment
- tuition

Just forward whatever you have handy that has already been shared with them?

Thx
