Subject: Premier Transcript

Hi Andrea,

As discussed here is the transcript.

Please ensure gallery get this.

>> Vic Fedeli: Thank you. My question is for the **Premier**. The C.E.O. Of Hydro One has been handed a \$1.7 million bonus. All in, his take-home pay is now over \$6 million. Thank you. My question is for the **Premier**. The C.E.O. Of Hydro One has been handed a \$1.7 million bonus. All in, his take-home pay is now over \$6 million. all due to skyrocketing hydro bills. Mr. Speaker, how can the **Premier** continue to support her six million dollar man?

>> **Premier** Wynne: Well, Mr. Speaker, I -- you know, I know that the leader, not the House leader but the leader, Mr. Ford, is talking about firing the C.E.O. Of Hydro One and firing the board. I think that is something that he said he was going to do, Mr. Speaker. I have no idea how that will help any, any person in the province of Ontario, Mr. Speaker. The reality is that that will not take one cent off anyone's electricity bill and, you know, there's a guy to the south of us, Mr. Speaker, who is governing by firing and I'm not sure that's going so well. So, Mr. Speaker, the reality is that we need to know --What this party is talking about when they are talking about how they are going to run the electricity system in this province, Mr. Speaker. What's the plan? How's that going to work?

>> Vic Fedeli: Back to the **Premier**. Our P.C. Leader, Doug Ford, first action as **Premier** will bring an end to this outrageous Hydro One contract. The P.C.S will use every power at the disposal of this government to remove the \$6 million man as well as the entire board. Mr. Speaker, does the **Premier** support removing her six million dollar man?

>> **Premier** Wynne: It must be a bit galling for the member opposite to have to stand up and put

that out as policy. You know, Mr. Speaker, policy is about how things actually work. Policy is about how do you get supports to people? Policy is about how do we build this province up so that it has a bright economic future? That's not policy, Mr. Speaker. That's a slogan masquerading as policy. We need to know what Mr. Ford stands for.
