Subject: Re: Question

Good morning Bill,

We received some updated from our agencies yesterday evening, but we're waiting on better information, specifically from OPG. Please see below.

IESO

- IESO produced approximately 1,200 emails to the AG; this number is not inclusive of the attachments that were produced along with these emails. For example, if one email had 2 attachments, it would count as only one document in the 1,207 emails and not 3.
- Please note, there may be a discrepancy in the number above and the number of PDF emails given to the AG on the USB keys because we were providing the emails in batches and some emails may have been duplicated on these USBs, whereas the software is only showing us one copy and we use the software to give us the about 1,200 emails.

OPG

- OPG received verbal request from AG for emails at a meeting with the AG on May 11th
- The request was for emails between OPG, PCO and KPMG regarding the FHP
- OPG provided a disc containing emails to AG on May 18th.
- OPG staff need their IT person who would know the exact number and are following up. It is unlikely that they will be able to provide a number this evening.

We'll likely have more complete numbers for OPG sometime today. We also received numbers from Finance:

OFA handed over 3,242 records by July 18th.

MOF records were not provided for the report as they were not requested until later in August and only to 5 people in the ministry. MOF's first batch of 1,158 records will be delivered today.

Cheers,

Kevin Den Heijer
