Subject: FOI matter

Just as an FYI - you will recall I mentioned an FOI request for hydro docs given to the AG. Ministries are sending a fee estimate that will be in excess of 120,000, based on the volume of records, so there will be some shock about this. PO is looped in. The letters will likely go next week.

(note this is after confirmation from AG that not all the records are working papers and are therefore subject to release).
