Hi

In addition to the Absence of Budget Fact Sheet, please find attached the additional documents you requested a fact sheet for:

- Economic and Fiscal Risk
- Historical FES release dates
- Green Bonds
- Procurement

This pulls from public information only.

We have also attached the independent fiscal review note. TBS is working on revisions to the program review deck to include more federal examples and the early 2000s work. The 1995 exercise is already in the deck. Please let us know if you have any additional changes.

Thanks

Subject: Fact Sheet - Absence of a Budget

I prepared the attached fact sheet with the assistance of MOF and TBS. It covers scenario of budget not passing before election is called.

Critical point for 2018 is that the House has already passed an Interim Appropriate Act for 2018-2019 (comes into force on April 1), which means that there will be no issues with immediate spending authority even if the budget is interrupted. This is unlike 2014 where there was no interim Act at the time of the election.
